

THE NEW INTELLIGENCER OFFICE.

We have leased the entire new brick block, corner of Front and Market Streets, which spacious premises will admirably answer all the requirements of our business. The new office is now being fitted up in the most complete manner, with stationery and material of the most improved design.

The **WEEKLY INTELLIGENCER** will appear as usual on **Friday**. All advertisements, therefore, are requested to be handed in by **Thursday at 10 o'clock**.

Estimates on Front Street, next door to the store of Messrs. Moore & Cox.

Daily Intelligencer.

WEDNESDAY, JANUARY 6, 1875.

To the Patrons of the Intelligencer.

After forty years' connection with the **Intelligencer**, in every branch of the business from Apprentice to Editor and Proprietor, I have, to relieve myself of the sole responsibility incident to the publication of a Daily and Weekly newspaper, disposed of "the whole" establishment, good and bad, and plant to a Company, with the full knowledge that by the aid of capital and the additional time and attention necessary to the full success of the business, which capital and time, and which from the constant draft upon my time I have been unable to give to it, the **Intelligencer** can be made one of the most prosperous and successful printing establishments in Central Canada, and of much greater service to the public than the **Intelligencer** has heretofore been.

The business will in future be carried on by a Company, under the Management of Mr. **WILLIAM A. SHERIDAN**, who has been on the staff of the **Intelligencer** for the past fifteen years, and who has a thorough knowledge of the wants and requirements necessary to make the **Intelligencer** one of the leading journals in Canada. I, therefore, with every confidence in its new management, recommend it to all its old friends and to the public generally.

To those who have, through every phase of my newspaper life, given their aid and confidence, my warmest gratitude is due; and in relieving myself of the responsibilities attached to the publication of a newspaper, it is gratifying to know that after so many years of political battling, there are few among those with whom I have come in daily contact whose personal friendship I do not retain.

Looking forward to a bright future for the **Intelligencer**, in the confident hope that it will be worthy of the support of the Commercial and Agricultural community, and that it will continue its labors with more vigor in the advocacy of those Liberal Conservative principles which have characterized its Editorial from the beginning to the present.

Wishing all of every creed and political complexion, a Happy New Year.

I remain your obedient servant.

M. BOWELL.

Belleville, Jan. 6, 1875.

To the Public.

In assuming the management of the **Intelligencer** establishment, with which I have been connected for the past fifteen years, there is very little to be said. It is far easier to make promises than to fulfill them. As we are more powerful than words, and the future can alone tell whether the management of the **Intelligencer** will meet the expectations of the Community, and retain the confidence of its friends. Happily for myself and the Company, I am not to be without the counsel and aid of the Proprietor, who still retains a large interest in the establishment, as a member of the Company, and with whom, during the fifteen years' connection with him in business, no unkind word has ever passed between us—and happily for the future prospects of the Company, I have the generous confidence of the representative men of the party and principal business men of the community. With their assistance, as well as their forbearance—and with the aid which capital and increased energy will bring to the mechanical and editorial management of the **Intelligencer**, there is every reason to believe that success for the Company's business, as well as a material improvement in every department of the paper.

With the compliments of the season,

I am, &c.

W. A. SHERIDAN.

Our New Dress.

The **DAILY INTELLIGENCER** appears this evening in its usual size, with an entire new dress. The type and material are from the well-known Foundry of Messrs. Miller & Richard, of Edinburgh, who have the reputation of making the prettiest and cheapest cut as well as most durable type of any establishment in the world. Our readers will agree with us, at all events, that the paper presents a handsome appearance.

WEST HASTINGS.

It is not an easy thing for members of a political party to get on with a leader of that party, even after he has lost all claim to their support—and we can readily understand the difficulty in which members of the Moderate Party have been placed by the present relations of the late member for West Hastings. Born and brought up in the County, and from a good old Conservative family, he has been brought up in the belief that the Conservative principles, and at the same time the bearing of the political faith which he was proud to stand firm and true during the first four years of his public life. He was a man of a high and noble heart, and a true and loyal hearted man to defend and sustain him. Singularly fortunate was Mr. Kellogg. Graham, in his personal and political associations, and when the **Sanford McDonald** Administration fell, no man had a fairer record, nor no man possessed a more promising future.

During the four years in which the **McDonald-Kellogg** Government have held the reins of power in this Province, there has been no more serviceable support of that Government than Mr. Graham. In no single instance has he withdrawn from the regular track, but has followed the new political leader, and has been more satisfactory than the most servile supporter of that party. He went to the Legislature as a Liberal Conservative, but also as an independent member, with a carte blanche from his constituents, and he has given to the Government or the Opposition, as the case may be, his full and unqualified support. He has been a true and unswerving friend, and his past record is a guarantee that the future will not disgrace him. But how did he satisfy that guarantee? Let the votes and proceedings of the past four years, which are familiar to every intelligent elector, answer.

For four years he has voted straight with the late Government, not giving one single vote to relieve him from the claims of being a more party hawk. For four years he has voted straight with the late Government, not giving one single vote to relieve him from the claims of being a more party hawk. For four years he has voted straight with the late Government, not giving one single vote to relieve him from the claims of being a more party hawk.

We all admire a straight-forward politician who is sufficiently independent to vote for good measures, no matter from what source they may emanate. We admire the man who stands in his place on the floor of Parliament and dares to expose the rotteness and corruption of acts, even though they may be the works of his own party leaders. We commend the man who dares to stand in his place on the floor of Parliament and dares to expose the rotteness and corruption of acts, even though they may be the works of his own party leaders.

Even up to within a week or two ago, there were some of Mr. Graham's old personal friends and political supporters unwilling to meet again with him, though he had then not the slightest claim to their consideration. On the score of old friendships and early associations, they were willing to let bygones be bygones, and trust to the future. But Mr. Graham determined otherwise, and it is to be feared that the Conservative supporter at the polls on the 18th of January, he will have himself only to blame. Some sort of ill omen must have been hovering over him, when he wrote the address which he has lately issued to the electors of West Hastings, for that address is a direct slap in the face of every moderate man who supported him at the last election. No Liberal Conservative—whatever may be his personal likes or dislikes, whatever may be his personal friendships or hatreds—can vote for Mr. Graham without a total sacrifice of self-respect. No true patriot can aid in placing a man in public positions who has shown himself to be utterly incapable of understanding the first principles of politics.

It is with the deepest sorrow and regret that we are compelled to take this position. But a public journalist, speaking for the people, and carefully watching and guarding the public interests, must be above and beyond mere personal considerations. Mr. Graham has chosen to throw his old friends overboard, and that, too, in a most ungracious manner, and if he finds himself deserted by them all, it is his own doing. He has made his bed and upon it he must lie.

CENTER MONTREAL.—Mr. Ryan and Mr. Devlin were nominated for Montreal County on the 24th inst. Ryan had 220 names on his nomination paper, Devlin 70. There is no doubt of Ryan's election.

KINGSTON.—Albany Brown, for personal reasons has withdrawn his nomination as Opposition candidate for Kingston, and a meeting of the electors yesterday nominated Mr. McCann, who has every chance of being returned.

RICHMOND AND WILKE.—At the election in the constituency in January, Mr. Aylmer, Ministerial, had a majority of 102. In the recent election, Mr. Aylmer was opposed by three Conservatives, who unitedly polled 47 votes, and secured the Government. Mr. Aylmer's claim as a great victory. If they are satisfied with such results, Conservatives can afford to be equally so, though division in the ranks in this instance lost to the party a substantial as well as a moral victory.

Getting Ready.

Rapid progress is being made in getting the new **Intelligencer** building into shape for the new plant and material, and we expect to have our steam press in full operation by the 20th of January. Meanwhile our Job Presses have been put in condition, and in a day or two we will be prepared to supply the public with all the printing they want.

Until the new office is properly arranged, we must claim the indulgence of our readers.

We have been indebted to the kindness of Mr. Messrs. Graham, of the **Intelligencer**, for printing our Daily edition, and for other courtesies, for which they will please accept our thanks.

The Campaign.

A large meeting of the electors of Sidney, in Mr. Graham's interest, was held at Haxton's School House, 2nd Communion, on Tuesday evening, the 4th inst. Messrs. Graham, Wills and Bowell addressed the meeting, and were well received by the large attendance. The result of the election of Mr. Graham's votes in the Legislature by Mr. Bowell and Mr. Wills, was to change the views of several who had been disposed to support Mr. Graham. A motion was proposed to support Mr. Graham. A motion was proposed to support Mr. Graham.

Lumber Notes.

The standing price of the United States is estimated at three hundred and twenty-five million feet.

Col. Wille, of the **Timberland Gazette**, Bay City, who is doing Canada, was engaged in the Canadian rebellion of 1837. He was sentenced to be hung, but through the intervention of his wife he was transported.

The mills in the vicinity of Ottawa produced last year 507,000,000 feet of lumber. Ogdensburg received last year 60,000,000 feet of lumber.

The **Timberland Gazette** says the amount of lumber on hand at Oswego is 37,250,000 feet.

The **Wisconsin Lumberman**, a magazine devoted to the lumber interest, says: There is undoubtedly more lumber now in the retail yards of the country than could be disposed of next season without the addition of a single board.

The **Ottawa Citizen** of the 5th inst. says: "Yesterday Mr. Hector McLean sold at the Union House the timber lands known as the McDonald lands, consisting of two lots on the Donnellyville tract, for \$28,200; also a lot on the Deep River, Ottawa, Township of St. John, was sold to Mr. Wm. Banner for \$20,300. The O'Connor Mills was likewise bought by Mr. John R. Booth for \$10,300."

Police Court.

(Before A. DUMSTON, Esq., P.M.)

WEDNESDAY, JAN. 6.
THURSDAY AND FRIEDRICH.
James McDonald was arrested by Sergeant Sailer on the above complaint. The prisoner appeared to be quite an intelligent man, and being the first offence, and after profuse assurance that he would never offend again, he was discharged.

REMOVED.

M. D. WARD, L.D.S., has removed his Office and Dental Rooms to the Centre Block, on the first floor, immediately over Furdy's Hardware Store, where he will be happy to meet his old patients and all others who may require his services as Dentist. He deems it unnecessary to say that he will give satisfaction; his long experience in the business being a sufficient guarantee.

Daily Intelligence.

WEDNESDAY, JANUARY 6, 1875.

Town and Vicinity.

Convict.—The first of Mr. Youmans' grand juries will take place this evening in the Town Hall.

To-morrow.—The High and Noble Court will convene to-morrow. Pupils are particularly desirous to be present at the opening.

CENTRAL COMMITTEE.—Mr. Willis' Central Committee had a meeting last night, when satisfactory progress was reported. The Committee will meet again on Friday night, when a full attendance is desired.

THE ICE.—Teamsters crossing the river are advised to keep on the tracks, as there are bad spots in the ice, and a deviation from the road may secure them a cold bath, if nothing more serious.

PERSONAL.—Dr. Oronchay's and Judge Jellison were in town yesterday. The former gentleman paid a visit to our new premises, the appearance and comeliness of which impressed him very favorably.

GOOD STORY.—A farmer residing in Hangerford told of the following tale. In ten days, with but one dog, he killed ten foxes, the skins of which he sold to Mr. Dalnages. Foxes are reported to be very plentiful this year.

THE ENGINEERS.—The new engine sheds at the Grand Trunk are rapidly progressing. The new turntable being now in. Already from thirty to forty extra men are employed here, and soon an additional number will be located here, and the upper part of the town will find in this a great benefit to its trade.

WEEK OF PRAYER.—The prayer-meeting held yesterday noon in the Bridge Street Church was well attended, representatives of the various churches in town being present, and taking part in the service. Last evening the nightly meeting was held in the same place, and was also well attended. It is pleasing to observe the interest manifested in these meetings.

BOARD OF EDUCATION.—Mr. S. G. Batty, Principal of the Commercial College, offers himself for election as a member of the Board of Education, in Foster Ward. Mr. Batty would make a most efficient member of the Board, and we trust to hear of his election, and that of Mr. Newberry, both of whom address the electors through cards in our advertising columns.

A KICKING HORSE.—Yesterday afternoon, while two gentlemen were driving in a cutter on John Street, the horse reared a shank from the driver for mismanagement, and, apparently relieving this mark of respect, dashed his hind legs in space for a few minutes, evidently enjoying the fun. It is quite possible that the animal has been done, but not the quadruped suddenly bolted ahead, which caused the driver to run into the fence, thus checking the hitherto uncontrollable animal.

MR. LEVIN'S MEETING.—Mr. Levin's friends and supporters held a meeting for organization last evening in the Town Hall, Ontario Hall. The attendance was meagre and not the slightest enthusiasm was felt. In fact, we learn from one who was present, that it was with great difficulty that Committee could be organized, several persons declining the proffered honor. The spirit of this meeting is an index to the hopelessness of the Grip cause in West Hastings, yet we ask our friends to relax no effort to secure the return of Mr. Wille by a large majority.

EASTERN FAIR.—Mr. T. Wallbridge, Superintendent of Public Affairs, very energetically in his endeavors to make these Fair, which certainly have not come up to what they should be—a success. From this view, he has met with the Directors of the Hastings Agricultural Society, and secured their cooperation in an organization to secure a good show of stock at the Eastern Fair. Mr. Wallbridge desires to be notified in advance by feeders of the number of cattle they will bring forward, so that he may secure the attendance of buyers from a distance. As our Fair will have a few days in advance of that at Gravel, an excellent opportunity will be afforded to Eastern buyers, who can thus "take in" the two Fairs on the one journey. We repeat the suggestion made some time ago, that an accurate sale register be kept and the prices published, which would have an excellent effect in inducing buyers and sellers to attend.

The Nominations.

The nominations of candidates for the Ontario Legislature in the three ridings of this County, will be held by the Returning Officers named above and at the following places, on Monday, the 11th inst.:

Ward Humber.—At the Court House, Belleville. Geo. Taylor, Sheriff, Returning Officer.

Ward Kesteven.—At the Agricultural Hall, Belleville. Wm. H. Poulton, Registrar, Returning Officer.

Ward Kesteven.—At the Masonic Hall, Madoc. F. B. Parker, of Stirling, Returning Officer.

Ward Kesteven.—At the Masonic Hall, Madoc. F. B. Parker, of Stirling, Returning Officer.

Ward Kesteven.—At the Masonic Hall, Madoc. F. B. Parker, of Stirling, Returning Officer.

FATAL FIRE AT SHANNONVILLE.

Burning of Doman's Hotel.

A MAN BURNED TO DEATH.

Rumors were afloat in town yesterday and this morning that a hotel at Shannonville had been burned down on Saturday, and that a man had lost his life in the conflagration. Enquiry, however, and other wise, has failed to elicit full particulars, but from a gentleman who passed through Shannonville this morning, we learn the following incomplete details: The hotel kept by James Doman, at the Grand Trunk Railway crossing, just below the Railway Station, and a short distance north of the Village of Shannonville, took fire on Saturday morning from some unknown cause, and was burned to the ground with all its contents. The proprietor and all the inmates excepted in their night clothes, with one unfortunate exception—a man named Henry Jackson, who was asleep in his room in one of the upper rooms, and could not be aroused. The remains, which were found after the fire, presented a horrible and sickening sight. The remains having been entirely obliterated by the action of the fire, and the arms and lower limbs consumed, leaving nothing but the trunk and head. Jackson, who is a resident of the west part of the Township of Tyndevine, was a man of about fifty years of age, and leaves a widow and a family numbering ten, in poor circumstances. It is said that, when he met his unhappy fate, he was under the influence of liquor; but this statement Mr. Doman, who kept the hotel, denies. A man named Stephen Young, who slept in another bed in the room with the unfortunate Jackson, states that he himself was aroused when the building was in flames. He jumped with nothing on but his night-dress, and received a scorching in getting out of the building. He made an effort to awaken Jackson, but did not succeed, and just as he got out of the room the fire fell in. An inquest will be held on the body of the deceased, when full enquiry into the circumstances of the disaster will doubtless be made.

Correspondence.

(To the Editor of the Daily Intelligence.)

Sir:—As a subscriber of your paper and as a laborer, I feel it my duty to express my sincere thanks for the valuable information you have been over anxious to furnish to me by Mr. Sawyer's supporters. I can say, on behalf of myself and Mr. Sawyer's friends, that we are not at all surprised at the position Mr. Sawyer was best entitled to the position. I write this for the purpose of republishing what is contained in the article, not on behalf of myself, but on behalf of Mr. Sawyer and his supporters.

Yours, &c., W. J. DALNAGES.

Success and Failure.

I confess that increasing years bring with them an increased respect for men who do not succeed in life, as those words are commonly used to denote the place for those who have not succeeded upon earth; and it is surely true that the most successful men of the world are those who have not succeeded in life. I will not say that the most successful men of the world are those who have not succeeded in life, but I will say that the most successful men of the world are those who have not succeeded in life.

FROM QUEBEC.

QUÉBEC, Jan. 6.—There has been a good deal of uneasiness here on the subject of small pox. It is now officially stated that the number of deaths does not exceed 12, whilst the number of cases has been greatly exaggerated.

FROM TORONTO.

TORONTO, Jan. 6.—A mysterious basket was left at the door of 128 Chestnut street, on Monday night. It contained 2 female infants about 1 month and 2 weeks old respectively, comfortably clad in warm, but expensive garments. There is no clue yet as to their parentage.

FROM ANGLIS.

ANGLES, Jan. 6.—This morning, about 4 o'clock, the steam saw mill at Mul River, belonging to Messrs. Fungis, D. & Co., was totally destroyed by fire. Loss probably \$10,000; no insurance.

FROM TORONTO.

TORONTO, Jan. 6.—A dispatch from Ottawa reports that thirty lives were lost by a railway explosion at that place today. This is probably an exaggeration, and other dispatches mention the number of lives lost at eight.

FROM TORONTO.

TORONTO, Jan. 6.—Preparations are being made at Belleville for the reception of King Alfonso. The city is to be illuminated, and troops are to be reviewed by the Governor.

FROM TORONTO.

EUROPEAN.

Authoritative Denial.

LONDON, Jan. 6.—The Times' correspondent at Barcelona telegraphs that he is authorized to deny the report of a conversation between Primo de Rivera and Serrano, published in the Journal of January 1st, in which the former was said to have intimated to the latter that Alfonso as King. On the contrary, Rivera, as was also given place of loyalty to the administration of President Serrano.

Bayonet Rule in Louisiana.

NEW ORLEANS COUP D'ETAT.

The Members Ejected from their Seats in the Legislature.

SUITS AGAINST THE GENERALS.

The Board of Trade Protesting Against the Military.

A GOVERNMENT ACCOUNT.

NEW ORLEANS, January 5.—Jas. Jeffries, a member of the Legislature, has filed a suit in the United States Circuit Court against Gen. Sheridan and Emory for some hundred thousand dollars damages for ejecting him from the House of Representatives. A similar suit was filed by George D. Kelly, who was also ejected.

A large meeting of the Chamber of Commerce this evening adopted a protest against the action of the military in ejecting the members of the Legislature, and protesting the statements of General Sheridan to Secretary Ballou.

NEW YORK, January 6.—A Washington special to the Times says: The information received by the Government from Louisiana is substantially the same as that telegraphed to the Press, except in one or two particulars. The statement of the Press regarding the removal of the members of the Legislature from their seats in the Legislative Hall those persons who had no certificates from the Returning Board, is not corroborated; but, on the contrary, it is claimed that these members left at the invitation of the military, without any forcible means being employed.

It is also believed that the Press despatches, which represented the Legislature as being under the orders of Governor Kellogg, are not correct. Those who have sustained the course of the Government most thoroughly in the removal of the members of the Legislature, and who believe in the legality of Kellogg's election, and who have the White League, are tired out with continuous warfare to secure the desired fruits of interference.

Ridings has failed to take advantage of the fact that he has been extended to him, and his government is weaker to-day than ever before. Instead of peace being conveyed by federal action, disturbance and confusion have been continually engendered, and the Conservative and White League elements laugh at Kellogg's Government and desire to recognize any authority claiming in the State except Federal authority, and when that is shown they resist it to the extent which shows that their obedience is enforced of necessity. It is felt that the time has come when Congressional action is imperative for a permanent settlement of the Louisiana imbroglio.

Daily Intelligence.

SATURDAY, JANUARY 9, 1874.

Town and Vicinity.

POINT COURT.—By way of variety, this morning's "day" at the Police Court was lively.

POOR COIN.—The final meeting of the Town Council of 1874, will be held on Monday night. There is but little business to be transacted.

BALEPHORUS.—The final meeting of the Board will be held on Tuesday evening next, on the following day the election will take place.

DRUGS.—The name of Mr. J. H. Macleay was accidentally omitted from the list of Councillors elected in Trenton, published last Friday.

ANDREW RAILWAY.—Brighton is trying to stretch forth its arms to the mineral deposits of the North by way of a Railway from Poughkeepsie to Belmont.

THE MARKET.—Owing to the storm which raged to-day, there was but a small attendance on the market this morning. Prices were without change, and business was dull.

A HIND.—A Hind was killed by the yearling bull which he had been fighting with, the Hind was killed by the yearling bull which he had been fighting with, the Hind was killed by the yearling bull which he had been fighting with.

SMALL ATTENDANCE.—So far there has been a very small attendance of pupils at the Public School. On Monday, no doubt, the number of pupils in school will be greatly increased.

SHEDDING.—Old men and matrons, young men and maidens have the newly fallen snow with delight, the roads being now in a splendid condition for sleighing, as is being proved daily, by the large number enjoying the same.

A GOOD PURSE.—Rev. John Brennan, pastor of the Roman Catholic Church, Pictou, and formerly of Belleville, was the recipient of a purse containing \$300 from the members of the Boston and Wellington congregations, on Christmas day.

SUCCESS.—Mr. Wall's Central Town Committee met last night. Reports were received from the Ward Committees; good work is being done in Town, great enthusiasm is manifested, and Mr. Wall's efforts are confident of success.

THE "AURORA."—This little monthly journal for December has been received. The articles are well written, and are of such a nature as should commend the paper to the support of the students of Albert College and their friends.

MR. VARLEY.—This distinguished Revivalist, who lately visited Belleville, and who made such a profound impression upon the people, is expected here shortly. Mr. Varley is now in Toronto, where crowds assemble to hear him preach. This information will doubtless be received with satisfaction by this gentleman's admirers.

CONCERT.—Mr. Youmans' second concert last night was even a greater success than that of Wednesday night, the Town Hall being crowded to the doors, and standing room over being at a premium. The audience acquitted themselves admirably, and all passed off to the entire satisfaction of the audience.

APPOINTMENTS.—Owing to circumstances, it has been found necessary to make some changes in Mr. Wall's appointments. He will hold meetings as under: This evening, at Franklin; Tuesday, at Marsh Hill School House; Thursday, at Trenton; and Friday evening, at Ontario Hall, Belleville.

REDUCED RATES.—The Dominion Telegraph Company have introduced a lower tariff for transmission of messages, by adopting a special rate of fifteen cents per line message not exceeding ten words, and a half cent for each additional word, the message to be transmitted during the evening after business hours for delivery on the following morning.

REVIEWS.—During the past six months our fair town has been much improved by the erection of residences in various parts elegant and built durably good. Belleville is rapidly growing more compact and her inhabitants constantly increasing, and there is no question about it, that, in a few short years, she will really appear, in all her beauty, the City of the Bay.

WEEK OF PRAYER.—Last night (Friday) the meeting was held in the Bridge Street Methodist Church, the Rev. Mr. Reekie conducting the service. The largest number that has yet attended during the week assembled, and the addresses and prayers were practical and pointed. To-night's services will terminate the special series of meetings.

METHODIST MISSIONARY ANNIVERSARY.—The Anniversary of the Belleville Circuit Missionary Society, in connection with the Methodist Church of Canada, will be held this year on the 7th, 8th, 9th, 10th and 11th of February. The great attraction of this Anniversary will be the presence of the Rev. George McDougall, (the fearless and successful Missionary of the Saskatchewan).

STAR CONCERT.—The second and last of Mr. Gordon's series of star concerts, which is to be given by the Boston Philharmonic Club, will take place in Graham's Hall on Thursday evening next. Besides the promised excellence of the performance, the object of the opening of the new Hall will assist in attracting a large audience. The press are a unit in their praise, and from a late issue of the Boston Globe we select the following: "The combination of talent which the Club exhibits is certainly far ahead of anything Boston has ever seen."

each member being a solo performer, and some of them being accompanied by the night concert of playing instruments. The programme was splendid, and the music was of a high order. The programme was splendid, and the music was of a high order. The programme was splendid, and the music was of a high order.

HUNT SCHOOL.—Amongst the advertisements in today's issue will be found a list of boys and girls who have succeeded in passing the examination in C. M. G. 1874, and have been admitted to the High School.

REGISTRATION.—The meeting of the Registration Act in town is not yet quite satisfactory in spite of the notices issued by the Division Registrar. Some of the law, and those who have not, stand a fair chance of prosecution.

NOTICES.—The "Luchers" boys are reckoned as the most reckless boys in town, and one of them this morning, very violently knocked over a gentleman on the corner of Front and Market Streets.

STUDENT.—The name of John Smith is mentioned in the morning, is evidently the same as that which our telegraphic despatch of the 6th inst. mentioned as the student of the Western and Northern States.

Daily Intelligence.

MONDAY, JANUARY 11, 1875.

Town and Vicinity.

CLASS COMPANY.—The annual meeting of the Belleville Class Company will be held in our advertising columns.

TECH. COUNCIL.—The Council of 1875 will hold its first meeting to-night. There is but little business for transaction.

SCHOOL GRANT.—The Government School grant is payable on Saturday next, at the usual place.

DEMOCRATS.—The new Orange Hall, Millersburg, Taylor, will be dedicated on the 18th inst., in Rev. A. Dawson, O. C., at 8 P. M.

BAILED OF KILPATRICK.—The old record has been announced for to-morrow night, when it will hold its last meeting. The election will take place on Wednesday.

THE NEREWALKS.—On Saturday night the sidewalks on Front Street were in very bad condition. The police should see to it that more attention be paid to the by-laws in this respect.

SEPARATE SCHOOL TRUSTEES.—The election of Separate School Trustees will take place on Wednesday. There is very little stir in connection with the matter, and it is unlikely that the election will take place in the usual quiet manner.

NEW SONG.—Messrs. A. & S. N. Jones have just issued a very pretty new song entitled, "Winter will not last for ever," by J. Fowler. The song is for sale by Messrs. Koller & Laidler, who have kindly forwarded to the copy under notice.

MARRIAGE AT FRANKFORD.—On Saturday evening Mr. Williams addressed the election at Frankford.

WALK OF PEACE.—Sermons on Christian Unity were preached in the various churches on Sunday, to large congregations. In the afternoon, the annual mass meeting was held in the Methodist Bridge Street Church, Rev. Mr. Gordon in charge. The services were closed the week of Prayer, which has been spiritually beneficial to participants in the same.

CENTRAL COMMITTEE.—Mr. Willis Carter, General Committee, will meet to-night and every evening during the week. Let all who are actively engaged in the canvass attend. The work is being pushed on earnestly and systematically, and a certain of success, no matter how the trials may shake the cards, cannot be avoided. Let us feel to prevail. Let there be no "let up," until Monday night next.

MARRIAGE AND LAKE.—The returns of the election for this municipality are rather late in being received. They are as follows: Revere, T. P. Pearce, 119; Solomon Joloff, 48; majority for Pearce, 71; Councilmen, Geo. Higgins, 120; C. A. Clannett, 124; Michael Connors, 112; Andrew Jennings, 98; Hugh Jones, 99; Adam Aylward, 72; Council for 1875, T. P. Pearce, Revere; Messrs. Higgins, Clannett, Connors and Jennings.

TEMPERATURE.—Mr. Burdon furnished us with the following statement of temperature: The lowest temperature between 5 o'clock a. m. on Saturday, 9th inst., and Monday morning, Jan. 11th, 5 o'clock a. m., was 28 degrees below zero; on Dec. 15th, the minimum temperature was 17 degrees below zero; on Dec. 24th the minimum temperature was 18 degrees below zero; on the 31st the minimum temperature was 12 degrees below zero, and on the 6th Jan., 1 degree below zero.

PROTESTANT EVENT.—We understand that efforts are being made to induce Mrs. Merton, the celebrated actress, to bring her Toronto Company here for a few nights, and play a round of her favorite characters. It is understood that the lady will have no objection to come, provided she is guaranteed against loss. This there ought to be no difficulty in doing, as Mrs. Merton is one of the best actresses in the stage, and her company is of first class excellence.

PROBATION OFFICE.—The champion violinist and character singer at the Town Hall, on Wednesday, 10th inst., Dr. Workman speaks very highly of Mr. Dr. Workman's entertainment, also the Hamilton papers of Dec. 18th. It varies from other shows and is popular with the audience, and after what one usually hears at entertainments. He is gifted with a full, rich voice, and the songs he renders are in complete costume. Don't fail to hear him. Received sales 50; double the admission 25.

Police Court.

(By A. A. Dwyer, Esq., P. M.)

MORRIS, JAN. 11.

REVEREND MARRIAGE.—Several cases were brought before the court this morning, for the above offence. Francis Wren was fined \$2 and costs; Geo. Purdy, \$4 and costs; and Joe (Trainer), \$2 and costs. No drunk was drunk of variety.

THE LONDON CLUB.—A quite shy of those who are pronounced to be "not club men." What would they say of a negro arrested in a London club? A policeman splintered his "club" over the head of a man who, on being asked at the steps, asked if the club had not been closed. The man replied, "I am not a club man." The man was then taken to the police station.

WEST HASTINGS ELECTION.

Mr. Lewis and Mr. Graham are invited.

WEDNESDAY, JANUARY 13, 1875.

EAST HASTINGS.

It is unfortunate for the Liberal Conservative party of East Hastings that there should be three candidates in the field, each life-long members of the party, and each professing faithful allegiance to Conservative principles. One redeeming feature in the contest will be, and one consolation the party can have, and that is, whoever may be elected will be a Conservative.

Ever since Confederation, leading members of the Conservative party have desired to see Mr. Appleby in the Local House, and he has repeatedly been asked to allow himself to become a candidate. His large municipal experience, with other qualifications, peculiarly fit him for such a position. A man of superior ability, excellent judgment, of moderate views, of undoubted integrity, he would at once take prominent position among the cleverest men in the Local Legislature. And when it was known that Mr. Corby intended to retire, Mr. Appleby was again urged to become a candidate. He at length consented, and announced himself as such.

It has been said that Mr. Appleby has pledged himself to support the present Government. It is true the Grits have tried to get a pledge from that gentleman, but he has intently and positively refused to make it. In his address he says he will support or oppose measures upon their merits, but he does not there, nor has he in any other way, give a promise, directly or indirectly, that he will support the present Government. When we find a man like Mr. Appleby, a life-long Conservative, after being urged to take this position, and when we find him supported by such prominent Conservatives as Hon. Robert Reid, John Graham, Esq., Thomas G. Hangerford, Alex. Robertson, Esq., Messrs. Laidlaw, Mr. Bower, M. P., Ross, Kelso, Esq., Geo. Neilson, Esq., Geo. D. Dickson, Esq., and many other leading members of the party—and when we know that Mr. Appleby never gave a Grit vote in his life, surely we can have confidence that he will be true to his life-long party allegiance.

If we cannot place confidence in a man of his age, experience, and antecedents, in whom can we place confidence? It may be true to us that he is supported by a portion of the Grit party. Necessity knows no law. If the Grits support Mr. Appleby, it will be because they have no candidate in the field—and if they have no candidate in the field, it will be because they very well know they had no chance of electing a member of their party. Even the Grits do not claim Mr. Appleby. Speaking of East Hastings, it says:

"For Hastings, in this constituency there are three Conservatives, Messrs. Reid, Appleby, Wilson, and Potts. Mr. Appleby, however, will give a Grit vote in the Local House. We are not at all sure that a man of his age and experience will be true to his life-long party allegiance."

We expect Mr. Appleby, as we expect every other reasonable man, to give a fair consideration to the Government measures and policy. But this is a very different thing from giving a blind and slavish support to a Government, as has distinguished the career of such a man as Mr. Graham. We have no reason to doubt the fidelity of Mr. Appleby to his party, but we have every reason to believe that he will remain true to his life-long party allegiance.

West Hastings.

Our friends in town are so active and have already made such good progress with the canvass, that they need no urging to do their duty. The Central Committee will be full to meet, and the meeting ought to be a full one. It is a pity that such friends as intend to volunteer in the use of their horses and vehicles for Monday, should leave their names with the Committee, or with any member thereof, at all events before Friday night, in order that arrangements may be made for the day of election.

Mr. Wills held an excellent meeting at March Hill School House, where he met with a very flattering reception, last night. An active Committee has been formed in this section of the Township, and so far their labors have met with a very encouraging result. The vote in this section of Sidney will surprise the Grit candidates who oppose Mr. Wills.

A man named Chamberlain, convicted at New York of sending obscene postals by mail, has been fined \$5.00.

The Redistribution Bill.

One of the many cries of the Grit party who are in opposition was "Redistribution by Population." In fact it formed the most important "plank" in the platform of the Grits at the recent Convention. On the formation of the McDonald-Horton Coalition, and when the Confederation of the Provinces was agreed upon at the Quebec Convention, the principle, as an absolute was recognized, and it was embodied in fact, in the Constitution then created. Thus, the Province of Ontario, which largely exceeded any other member of the Confederation in point of population, was found to be entitled to 82 members, and others of the Provinces in proportion to their population. Quebec being awarded its representation, Ontario being awarded its representation, and the rest of the members, which was to be the standard.

Redistribution was to take place on the basis of population, every two years—the representation to be increased or diminished accordingly. It was found that the Province had gained or lost in the number of their inhabitants.

In the redistribution of the representation, which was proclaimed on July 1st, 1872, it was found that Ontario had lost a few seats, and it was found that the Province had gained or lost in the number of their inhabitants.

Although the Dominion Parliament had readjusted the representation on the basis of the last census, prior to the general election of 1872, the Grit Government of Ontario made no sign of their intention of doing so. It was generally felt throughout the country that our representatives were quite sufficient in number, and no general complaint was heard of the slight inequalities in the representation.

Without a word of notice, however, and on the eve of a general election in which they knew that all their earnings would be needed to avoid defeat, our Grits suddenly discovered that they were not sufficiently strong, so they set to work to remedy the situation.

The "Reform" Party laid it down as a fundamental doctrine that it must support the Redistribution Bill. It was carried on exactly as formerly, only in a more determined manner. It had appointed the friends of the Redistribution Bill as its platform, and it was decided that it was to be the issue of the election. But this was not the case. The Redistribution Bill was not the issue of the election. It was a mere pretext to bring about a change in the Government. The Redistribution Bill was not the issue of the election. It was a mere pretext to bring about a change in the Government.

Grits and Reformers.

It was well said by one of the speakers at the nomination of West Hastings, that the Grits had appropriated the name of "Reformers," and were striving to do it in a forced manner. Mr. Graham Smith, whose impartiality has been recognized by both parties, thus writes in the last issue of the "Intelligencer":

"The Grit Party cannot rest on the name of the Reformers and Reformers, when it is so manifestly untrue. There is nothing in common between the Grits and the Reformers. The Grits are a party of the past, and the Reformers are a party of the future. The Grits are a party of the past, and the Reformers are a party of the future."

A possible result on the head issue which the country is in a position to decide, which can be made to harmonize with the fact, and the result of the election, which was to be the standard.

Let those Grits and Reformers, who have hitherto acted with and added the Conservative party, but who are supporting Mr. Graham or Mr. Lewis, pour well upon the above extract. The words are true and cannot be gainsaid. Mr. Graham has, by his address and all his speeches, renounced his allegiance to the Liberal-Conservative party, and proclaimed himself a convert to Gritism. Can any Grits reformer, therefore, claim to have been in support of the Redistribution Bill, which was carried on exactly as formerly, only in a more determined manner.

A Constitutional Question.

At the nomination for West Hastings there was some discussion among the speakers concerning the Model Form, and the violation of Constitutional principle by Mr. Lewis, in paying \$1,000 to Mr. Wills, and Mr. W. F. Fisher, each for a speech, but the following extract from a speech delivered by Hon. M. C. Cameron in Toronto, on Saturday night last, so fully explains the whole subject, that we repeat it here verbatim.

"The 'Reform' Party laid it down as a fundamental doctrine that it must support the Redistribution Bill. It was carried on exactly as formerly, only in a more determined manner. It had appointed the friends of the Redistribution Bill as its platform, and it was decided that it was to be the issue of the election. But this was not the case. WEST HASTINGS ELECTION.

MR. THOMAS WILLS.

Will address the electors in

ONTARIO HALL,

ON

Friday Evening, Jan'y 16th.

(Chair taken quarter to 8 o'clock.)

Mr. Lewis and Mr. Graham are invited.

Daily Intelligencer.

THURSDAY, JANUARY 14, 1875.

NO TIME TO LOSE.

Conservative Electors of West Hastings. Dr. Boulter is not a devoted member for your constituency next Monday, it will be because you had made proper effort. If the vote is brought out as it should be, he can be returned by a triumphant majority.

Our advice from that constituency comes of a most encouraging character, and the friends of Dr. Boulter work earnestly, energetically and persistently until Monday noon, his majority will not be less than two hundred. But in order to secure this desired result, work hard, earnest work, must be done. Let every supporter of Dr. Boulter make his election a personal matter, and work as if the result depended upon his individual effort. Be early at the polls on Monday morning. Do not wait until noon.

One vote in the morning is worth ten in the afternoon.

The Doctor deserves it at your hands. He has made a good record during the last eight years. He is an able, practical man, and a man of honor.

Let the country see that you appreciate his services by sending him back to the Legislature by a routing majority.

DO NOT FAIL.

Let every Liberal-Conservative of West Hastings next, and the election of Mr. Wills is an easy matter. There is no need of a long campaign. The friends of good Government expect, Mr. Wills expects, and the country expects, that the Liberal-Conservative of West Hastings will rally round the blue standard as one man on Monday morning, and elect Mr. Wills member of the Ontario Legislature by a triumphant majority. It can easily be accomplished if every man is at his post early on Monday morning.

Mr. Lewis has no claims upon the Moderate party. He is the regular nominee of the Grit Convention—he is sustained by the Government—he is a thorough-paced Grit—and would be a servile follower of the Ministry.

Mr. Graham has no claims upon the Moderate party. Elected by that party eight years ago, he received and retained their confidence for the first four years; and when the days of darkness came, and when he deserted his old friends, and turned upon his old leader, even then the Conservatives of West Hastings were unwilling to desert him. For years they patiently submitted to the indignities heaped upon them by their representative, in the hope that he would see the error of his ways and come back to the fold. And it was not until he had slipped every Conservative in the face by his address, that those who still clung to him were obliged to self-sacrifice to cast him off. Surely, with his record, Mr. Graham has no claims upon the Moderate party.

Mr. Lewis is a man of unblemished integrity, thoroughly reliable, of excellent judgment, and possesses rare qualifications for the position to which he aspires. He can be easily elected, if every member of the party goes to work at once, and makes arrangements by which the whole strength of the party vote will be recorded before the polls on Monday. Do not fail to be early at the polls and record your vote, and victory is certain.

Political Notes.

East York.—Hon. Wm. McDougall is making an excellent campaign in East York. He will not give strength to any Opposition. The reports are favorable to his election.

Etobicoke.—Prince, the renegade, has returned, and Patterson's Opposition election is no longer certain.

West Hastings.

Mr. Wills addressed the electors of West Hastings on Friday evening last. He was warmly received, and his address was listened to with great interest. The Opposition candidate, a considerable majority. The meeting to-night cannot but prove of service to Mr. Wills, who has been elected to the Government.

We draw attention again to the final meeting of the Campaign in Ontario Hall, on Friday night, the 16th inst. In a few days we expect to be in a more practical condition.

A COMPARISON.

One of the places which has been very strongly urged by the two Grit candidates, is the election of Mr. Wills, and we do not but think that it should be a reason why the present Government were displaced by the Opposition, there is no material in the Conservative ranks from which an able, honest and respectable Administration—such as they, of course, claim Mr. Wills' Cabinet to be—could be formed. The line of argument against their speakers is running at least, if he is not a member of the Government, he is not a member of the Opposition, and the laws governing the election of the House of Commons are such that, if the present Government were displaced by the Opposition, there is no material in the Conservative ranks from which an able, honest and respectable Administration—such as they, of course, claim Mr. Wills' Cabinet to be—could be formed.

North Hastings.

A correspondent of the Toronto Mail, furnished the following account of the canvass in a portion of the North Hastings: A meeting of the electors of North Hastings was held in Craig's Hall, Stirling, on Saturday evening last, for the purpose of hearing explanations from the two opposing candidates. The Hall was comfortably filled.

Mr. C. Rogers, Reeve of Stirling, having been called to the chair, spoke for about half an hour, and then called upon Dr. Boulter to address the meeting. Dr. Boulter, the Liberal-Conservative candidate, was received with applause, and he had for over two hours, explaining why he had supported the economical Government of John Sandfield Macdonald and why he opposed the corrupt Government of Messrs. Crooks, Fraser, and McKellar, and appealed to the electors if they thought him right in opposing corruption place him at the head of the poll on the 16th inst.

Mr. O'Flynn, the Grit candidate, spoke about twenty minutes. He declared he was an independent candidate, but immediately after tried to defend all the acts of McKellar and the Government. His speech was not at all convincing, and his friends were unable to raise a cheer on his behalf. He said if he were elected would support the present Government, and if Mr. Cameron got the county of power he could support him and his Government, but the people of this county have had enough of such men as that in the present of the range of Graham. The meeting was largely in favor of the Doctor, and in his reply to Mr. O'Flynn's weak charges against the Opposition leaders he was cheered to the echo. He also showed how political appointments of agents to do work on the part of the Government, and fully showed that Mr. Geo. Brown was the man that made the appointments, and that he led the Government through the influence of his newspaper. Mr. Charles Butler, the main opponent to do work on the part of the Government, and fully showed that Mr. Geo. Brown was the man that made the appointments, and that he led the Government through the influence of his newspaper.

MONDAY, JANUARY 18, 1875.

Town and Vicinity.

POSTOFFICE—The meeting of the Cemetery Company has been postponed until Monday next.

DR. S. CORNELL—The Town Council will meet at 11 a. m. to-morrow for the purpose of reorganization.

CHRISTIAN—The crossing is now good at Cook's Ferry, near the Mohawk Church, between Mill Point and Prince Edward.

MEETING—The annual meeting of the West Haddam Agricultural Society will be held in the Town Hall on Wednesday next.

ANNOUNCEMENT—The data for the annual fall of Chemical Fire Co. No. 4 is: The day evening, 28th inst., for the 22nd, as published on Saturday.

POSTOFFICE—The lines to Muskegon, Port Huron and other points have been delayed to to-morrow night, owing to delay on the railway lines east.

LOUSE OF INVESTIGATION—R. W. Bro. Lester, D. D. G. M., of Belleville, is expected to hold a Masonic Lodge of instruction in Haddam on the 28th and 29th inst.

POLICE OFFICE—No cases having been taken for detention to-day, and there being no prisoners for trial, the Magistrate found no occasion to exercise his judicial functions this morning.

CRIMINAL—All the shops where liquor is sold were closed to-day, in accordance with the law. So many shutters up made Front Street present a sort of dismal holiday appearance.

PATENT ADVISORY—Mr. Andrew Dunn, of North Haddam, who accidentally cut his foot off about two weeks since, died on the 15th. He was a native of Port Clinton, United States, and had been in Prince Edward about five years.

WESTERN ENTERTAINMENT—The Western Literary Association will give a free entertainment in the Lecture Room of the Bridge Street Church on Wednesday evening. The programme will consist of readings, recitations and music.

MASSAGE—Right W. Bro. S. S. Lester, D. D. G. M., will hold a Lodge of instruction in the Masonic Hall, Haddam, on Thursday and Friday next, at three o'clock in the afternoon and even in the evening. They will doubtless be a large attendance of the brethren.

TRINITY—The Grand Junction Railway Company is advertising for tenders for stone and stone for piers and docks at Belleville, for supplies of the same kind for abutments and piers for a bridge over the Trent at Campbellford and for tie and fencing for the line between Campbellford and Hastings. See advertisement for particulars.

NARRATIVE—A Mill Point correspondent writes to the "Intelligencer": "A runaway accident occurred in the cedar swamp at Mill Point, on Monday morning last, by which the lives of one of the bodies were thrown out in consequence of low water, in the latter. Had a few minutes more time elapsed, it would have proved much more disastrous. As it was, however, was not. The damage has been repaired, and the mill is again in operation."

THE LAST MEETING—The last meeting of the election campaign were held on Saturday night. Mr. Willis spoke at a largely attended meeting at the Grand Trunk Hotel, Haddam, where a good support was promised him, and a strong organization perfected for Monday. Mr. Lewis had a meeting in Ontario Hall, at which his friends were outnumbered by the supporters of the other candidates. Mr. Lewis closed the meeting amid excitement, when Mr. E. B. Frisbie rose to speak on behalf of Mr. Willis. Mr. Graham held a meeting at the School House near the Grand Trunk Station, but only six or eight electors attended.

CHURCH—Mr. Charlotte Jones Silverwood, mother-in-law of Lieutenant Governor Crawford, died in Toronto on the morning of the 16th, aged 86 years. The deceased lady, who was born in the Township of Augusta on the 14th of March, 1789, was the wife of the late L. P. Silverwood. Her father was a member of the first Parliament of Upper Canada, and her husband was speaker of the House of Assembly, and afterwards for many years a judge of the Court of King's Bench, dying in 1850. The Hon. George Silverwood, County Judge of the County of Hastings, and Mr. Edward Silverwood, Registrar of Carleton, are her surviving sons. Her daughter, Mrs. King and Mrs. Crawford, wife of the first Governor, are her surviving daughters. The deceased lady will be mourned by a very large circle of friends.

ONTARIO COMMERCIAL COLLEGE—This institution has grown within the past few years from a small beginning, to be the most popular Business College in the country. In 1873 the increased patronage it received caused the proprietors to move from the rooms first occupied in Harrison's building, to more spacious apartments. The increased attendance this season necessitated the recent opening of a department in Neilson's Hall, under the able management of P. L. Dorland, B. A., a former graduate and later Head Master of the Russell County High School. There is now an extra attendance, in all departments, over 100 at day school, and over 50 at night school, amounting an aggregate of 220 scholars, a number unprecedented in the history of the College. The Ontario Commercial College is now known throughout Canada for its thoroughness and practicality of its course, and the fact of a large number of those now in attendance having come from the eastern Provinces, the western counties of this Province and the United States, past other similar institutions, shows the preference and popularity of our business College.

THE INVENTION—Lloyd, the famous map man, who made all the maps for General Grant and the Union army, certificates of which he published, has just invented a way of getting a relief plate from steel on a printing Lloyd's Map of America. Containing showing from coast to coast—on one entire sheet of bank note paper, 60 x 90 inches large on a light green, colored, sized and varnished for the wall so as to stand washing, and making anywhere in the world for 25 cents, or unvarnished for ten cents. This map shows the whole United States and Territories in a group, from survey to 1873, with a million place on it, such as towns, cities, villages, mountains, lakes, rivers, streams, gold mines, railway stations, &c. This map should be in every home. Send 25 cents to the Lloyd Map Company, Philadelphia, and we will get a copy by return mail.

Misspell Lodge No. 127, I. O. O. F.

HOW THE MONEY WAS DISTRIBUTED.

BOROEN, JAN. 17.—The dry goods store of Messrs. Haddam & Co., at Lowell, Mass., was robbed of silks and shawls to the value of \$55,000.

NEW YORK, JAN. 17.—Snowing and very cold here.

This morning the captain of all incoming vessels reported north-west gales and boisterous seas on the Atlantic. In consequence of rough weather there are six European steamers overdue, although they are not sufficiently behind time to excite apprehensions for their safety.

Julia Wins, aged 60 years, was burned to death in her bed 10 West 31st Street, yesterday. She was asleep and the other inmates of the house could not raise her in time to escape.

The Tribune correspondent claims to have discovered the names of five of the six members of Congress who received bribes from the Pacific Mail, namely, Charles H. Smith, of Alabama; G. Hale Sypher, of Louisiana; Boyd Winchester, of Kentucky; Daniel W. Voorhees, of Indiana; John B. Storn, of Pennsylvania. The first two are Republicans and the last three Democrats. The manner in which the money was distributed was very simple, and as was supposed, perfectly safe. A thousand dollar note was placed in an envelope and sent to the member of Congress with no accompanying communication.

WAR DECLARED TO BE INEVITABLE.

GERMANY'S HOPES IN HER NAVY.

WEATHER PROBABILITIES.

LONDON, JAN. 18.—Arrived out, steamship City of Montreal from New York.

LONDON, JAN. 18.—Today's "Times," in its leading editorial article, says: "In the gloom surrounding us, one thing is perceptible: All men are arming. Germany is arming as never before, and the surrounding nations, including the best part of the world, cannot help but follow her lead. The monetary drama of peace has fled away. Germany recognizes the stern necessity that what she won by arms she can only hold by arms. Her policy is to be in her hands. The "Times" confesses that Germany cannot raise a third army, and her hopes are in her navy."

WASHINGTON, JAN. 18.—Probabilities—For the Middle States and lower lake region, low and falling barometer, higher temperature than on Sunday, cloudy weather and snow, except rain in the northern portions of the former, but followed to-night by rain, and heavy snow to westward, clearing and clearing and clearing.

HARRIS, JAN. 18.—The history mill of Harris & Son, at Palmdale, was destroyed by fire yesterday. Loss, \$50,000; fully insured. One hundred men are thrown out of employment. The mill will be rebuilt double its previous size. The fire was incendiary.

—Thermometer at Montreal on the 17th inst., 18 below zero.

The gold produced in the Sherbrooke district, Nova Scotia, last year amounted to \$76,000.

—Mr. Robert Ferguson, an old resident of London township, dropped dead on the streets of London on the 16th inst.

—The wholesale fir establishment of W. H. Glance & Sons, Hamilton, was robbed of \$1,000 worth of goods on the night of the 16th inst.

FRIDAY, JANUARY 22, 1875.

Town and Vicinity.

The days already begin to lengthen perceptibly.

A fox hunt was to have taken place on the bay this afternoon.

The town clock has been very badly illuminated for the last two nights.

A thaw is predicted. Come along, thaw, and have the reputation of the prophets.

Hand shaking season is over, much to the relief of successful and unsuccessful candidates for Parliamentary honours.

James Gillespie, a graduate of the law, is in the office, to be the night foreman on the *Liberal*, the new *Grid* daily in Toronto.

When the weather moderates, corner loungers will begin to re-appear in the evening; in the meantime they toast their shins by somebody else's fire.

GIVE COMPANY.—The annual meeting of the Gas Company has been adjourned to Monday, February 1st, when officers will be elected.

A NIGHT OF DRUNK.—The residents of Belleville intend to celebrate the anniversary of their greatest national poet on the night of the 23rd inst.

MR. YOUNG'S SINGING CLASS RE-opens.—Mr. Young re-opens his adult class to-night at 7.30, also his juvenile class to-morrow at 2 p.m., in Coleman's Hall.

LAST SHIPMENT.—Mr. Thomas Watkins made the last shipment for the season, of cheese and butter for Liverpool, from the Grand Trunk Station here today. The amount of cheese shipped was 485 boxes, and of butter 16 packages.

PHOTOGRAPH.—It is stated on good authority that Mr. Clapp intended to demand a scrutiny of the ballots cast in the 14th election, on the ground of unfair discrimination against him by the Deputy Returning Officers in counting the ballots. Such a scrutiny, it is believed, would result in Mr. Clapp's being declared elected.

PERSONAL.—We find the following amongst the "personals" in a late issue of the *New York Herald*: "If Mr. Norman M. Findlay, formerly of Niagara, Canada West, later of New York city, or any person knowing his present address, will communicate with Donald Moodie, Jersey City Post Office, he will receive information."

A NEEDED PREVENTION.—It would be wisdom on the part of the Police Commissioners, now that the Grand Trunk Station and premises have been brought within the town by the extension of the limits, to keep a constable at the Station during train hours, for the protection of passengers from annoyance by column and "bus runners. This measure would have an excellent effect in preventing order, which the Company's officials find it exceedingly difficult to accomplish.

TOUR.—A very successful *Solero* took place on the evening of the 21st, in Mr. Turnbull's Church at Melrose. There was a large attendance, and the tea was well attended. The Chair was ably filled by J. J. B. Flint, Esq., of Belleville. Eloquent and highly appreciated addresses were delivered by F. L. Palmer, B. A., of Belleville; Rev. J. Mutual Frigidities.

Desires of giving some proper testimony of his appreciation of their attention to their duties and of their kind and ready acquiescence to his suggestions and wishes. Mr. O. C. Greenleaf, foreman in the Tanning Shop of J. M. Walker & Co., Belleville, resolved to give the employees in said shop an *Oyster Supper*, which he did at his new house on Park Street, nearly opposite Albert University, on the 20th instant. Soon after the arrival of his invited guests, and before supper, they greatly surprised him by the presentation of the following address by Mr. George Lin, together with the articles therein specified:

Belleville, Ontario,
20th January, 1875.

Mr. O. C. GREENLEAF.—My, the undersigned employees in the Tanning Shop of J. M. Walker & Co., Belleville, wish to express our respect for you as an industrious and enterprising mechanic; while your courtesy and attention characterise you as a gentleman, we present you with this *China Tea Set*, *Mocha Coffee*, and *Willow Basket*. And, believe us, dear Sir, these articles are given heartily. Wishing you, your wife and family health and happiness, and that every healthy soul should be happy, we bid you adieu.

Yours truly,
J. M. WALKER & CO.

SCENES AND INCIDENTS.

QUEBEC, Jan. 30.

One of the most fearful calamities which has been our lot to record, occurred last night at the Beauport Lunatic Asylum.

About half past six a woman of French origin, and it is supposed that the cell where it occurred had been set on fire by one of the female patients, a woman of a very vicious character named Marie Berker.

Her cell had been such that she had to be in the cells, and she vowed that she would have her revenge out of the "curled place" as she termed the asylum.

Whatsoever may have been the destructive design she formed, it seems almost certain that she succeeded in her purpose, for the flames which she kindled spread with such rapidity that the cell was consumed in a few minutes.

The flames, which had been an earnest of the Montmorency Road, to the Male Asylum, another large structure lying to the eastward of it.

The building was so situated that it was impossible to escape, and the inmates were left to their fate.

The night was a fearful one, and the flames, which had been an earnest of the Montmorency Road, to the Male Asylum, another large structure lying to the eastward of it.

SATURDAY, JANUARY 30, 1875.

Town and Vicinity.

DEATH.—A laborer in all the March. Henry Home being held at Okeana today.

A SINGULAR.—The Pictorial office is a structure, there being no prisoners under his charge at the present time.

A HIBERNIAN.—A friend of Irish extraction suggests that the January thaw will come in February this year.

GRAND JUNCTION.—A meeting of the Board of Directors of the Grand Junction Railway Company, was held on Thursday afternoon.

ANNUAL MEETING.—The Gas Company will hold its annual meeting, for the election of Directors, at the office of the Company, at noon on Monday.

PROVINCIAL GRAND LODGE.—The Provincial Grand Lodge for Ontario East will hold its annual meeting, for the election of officers, &c., in Napane on Tuesday, February 16th.

LOOKING FORWARD.—The little ones and "young folks" now look forward to the coming of St. Valentine's day, with eager anticipations. It is the privilege of youth to look forward to coming joys; age looks back upon its youthful pleasures.

SEVEN SEALS ON GOLDEN WONDER. at McKays Drug Store.

THE RIVER.—A great deal of anchor ice has formed in the river, and the ice overflows the ice in many places. This may probably necessitate action on the part of the town authorities in getting rid of the ice before the opening of spring.

TRIBE SOCIETY.—The annual meeting of the Belleville Branch Bible Society, to be held in the Metropolitan Hall on Thursday evening next, will be an interesting occasion. We trust to see the patrons of the Society turn out in large numbers.

ORANGE COUNTY LODGES.—The annual meeting of the Orange County Lodge for South Hastings will be held in the Orange Hall, Belleville, on Tuesday next at 1 o'clock, p.m. The meeting of the North Hastings Lodge has been postponed for one week.

SEVEN SEALS ON GOLDEN WONDER. at McKays Drug Store.

MISSIONARY MEETING.—The Missionary Meeting in aid of the Bazaar funds, to be held in St. Thomas Church to-morrow night, will commend itself to the attention of churchmen. The addresses by the Ven. Archdeacon of Kingston, and other clergymen, will lend additional interest to the occasion.

ATTRACTION ENTERTAINMENT.—The ladies of St. Andrew's Church, intend holding a sale of useful and fancy articles and giving a musical entertainment in the basement of the Church, on Thursday evening next. Refreshments will be served during the evening. The ladies desire encouragement in this worthy enterprise.

A CONNECTION.—Mr. Flynn, who was burned out on Thursday night, desires to state that the supposition that the fire originated from baskets being too near the stove, is erroneous, as there were no baskets near the stove on that night than on any other previous occasion. He is unable to account for the origin of the fire.

SEVEN SEALS ON GOLDEN WONDER. at McKays Drug Store.

A HENRY TURK.—A few nights ago, the broad wagon of Mr. Watson, which was lighted with two leaves of bread, while the owner was attending to the wants of a customer. The same game was played again last night, this time to the extent of four leaves. Mr. Watson, is naturally indignant at this sort of thing, and would like to catch the thief.

Snow Shoring.—This fine amusement is becoming more popular every year. Why not organize a Club, such as those which have long reigned in Montreal? There is no more enjoyable sport than the "trumps" of these Clubs, and their races are celebrated throughout the Dominion. There is plenty of material here for a good Club. Who will take the initiative in starting one?

Snow By-law.—Our present Snow By-law is too limited in its application, extending as it does only to one or two of the principal streets. The law is an old one, passed at a time when it was sufficient for the requirements of the town. It is about time that this law be repealed and another more general in its application. There are there are other streets besides those named in the By-law, the sidewalks on which require to be kept clear of snow.

CHURCHES.—The Pictorial Office says, in something which is not to be sneezed at: Mrs. William Bodney, of Amherstburg, from the milk of three cows, from 1st of May to 15th of December, sold 400 lbs. of butter, at an average of 25c per lb., realizing \$10. In addition she raised two calves, and raised pork valued at \$46.75, dressed 47 lbs of butter (at 90c) 42.30, in all making the profits of the cows figure up to \$160.75.

METHODIST ANNIVERSARIES.—An advertisement in another column gives particulars concerning the forthcoming anniversary. On Sabbath, February 7th, services will be preached in the First Baptist Church at 11 a.m., by Rev. G. McDougall, Missionary to the Indians of the Saskatchewan; at 7 p.m., by Rev. W. Jeffers. D. D. appointments for the anniversary are given in the advertisement. Sabbath School Missionary meeting will be held in the Bridge Street Church at 3 p.m., when Rev. Messrs. McDougall and Jeffers will deliver

addresses. The Missionary meetings will be held as follows: Monday evening, Feb. 8, in the Bridge Street Church; Tuesday evening, in the Bleeker Street Church; Wednesday evening, in the West Belleville Church; and Thursday evening, in the Kingston Road Church.

SEVEN SEALS ON GOLDEN WONDER. at McKays Drug Store.

PERSONAL.—Mr. Stevens, collector of Customs at Owen Sound, paid us a visit this morning. Mr. Stevens was in former times a newspaper man, and is the author of some highly meritorious poems.

ASSASSIN.—The Assassin will on Monday commence their work of association for the town for 1875. A radical change in the mode of assessing vacant lots will be made.

ADMITTED TO BAIL.—John Johnston, charged with being one of the parties who committed the Weston robbery, was yesterday admitted to bail of \$1,000 and two sureties in \$1,500 each. The prisoners were ready for the trial, but at the last moment the Crown prosecutor decided that he was not ready to go on. The case has accordingly been postponed until the next Assizes, which is a great hardship to the defence, as all the witnesses on their side were ready.

Curious.

The following is the score of the match played yesterday:

No. 1 RINK. Port Hope. W. H. Paddon. G. Ward. M. McArthur. J. Gable. H. D. Robertson. W. Newburn. Ship 13.

No. 2 RINK. G. Gaudin. G. Hall. W. Robertson. E. Phillips. Ship 18.

Total. 41. Belleville won the first game by 16 shots. Eight members of the Belleville Curling Club will go to Port Hope next week to play the balance of the game.

MYSTERIOUS ROBBERY IN NEW YORK.

NEW YORK, Jan. 30.—Revenue officers yesterday seized three cases of bottled brandy which had been smuggled over the Canadian border. They were consigned to M. H. Chapin & Co., of Mercer street, and that firm having knowledge of the shipment, reported the matter to the Revenue officials. The goods are valued at \$2,000.

The New York Central Railroad will, on Monday reduce the wages of trackmen 10 per cent. Engineers and firemen were given the option of a similar reduction, or give up their lay over and Sunday pay, and accepted the latter alternative. Engineers' pay will be 31 cents per mile actual running distance, and firemen half that rate.

NEW ORLEANS, Jan. 30.—Gov. Kellogg was before the Congressional Committee, and made a long statement, commencing with the Legislature of 1865, and coming down to the present. It differs from his testimony before the sub-committee, only in beginning at an earlier date, and the statement being more elaborately prepared. Gov. Kellogg charged that the political troubles of the state since the war began with the vagrant laws, jobs and monopolies passed by the Legislature in 1865 and 1866, convened under President Johnson's reconstruction policy and chosen at an election in which none but white men participated, and that the financial troubles dated from that period; that the Legislature having appropriated thirteen millions of dollars in excess of its receipts, a large portion of which was used in the purchase of the war bonds, and had failed in selling the debt to the present proportion. He also emphatically asserted that the different monies allocated to the report of Mr. Foster of the sub-committee, were with nearly one exception, all passed before he came into office, and he submitted a statement of Legislative Acts to show that there could have been no law without the consent of the Democratic members of the Legislature.

New York, Jan. 30.—Kansas City dispatch says that Sheriff Groves of Clay County, Missouri, with a posse of 25 men, surrounded the house of Samuels, the house of the James boys, this morning and captured George James, Edward Miller, and Ned Samuels. The others had fled. Miller is a hard character, and has a reputation equal to his companion, Jesse James, who is the leader of the band.

The Times dispatch says a prominent corporation of this city was robbed of half a million of dollars during the week of Sunday, the 7th inst., but that the detective all day that such circumstances occurred.
